The last stand of Mr. Cleveland's wharf, battered by years of storm and tide, frames the curve of Angelica Point. The cottages are a little worn by another winter on the exposed spit of sand that is Angelica but even now the hammering of shingles heralds another season in the sun. This is such a marvelous spot that no matter the hazards another season brings the beach lover back to one of the finest on the coast. Another month or two will bring the awakening.

MATTAPOISETT SELECTMEN'S MEETING
MARCH 29, 1988-by VIRGINIA MORGAN

Several appointments were made by Selectmen last Tuesday for the summer recreation programs, at the recommendation of John A. Shockro, Recreation Director.

Mr. Shockro said no Beach Director has been hired as yet. One applicant had applied, but withdrew. An advertisement has been placed seek-

ing new applicants, he said.

Other appointments include: Tom Jackivicz, lifeguard; Karen Gracia, Janine Myatt and Paul Sanford, instructors/lifeguards. Also, Priscilla Clark and Beatrice Ingram, full-time (40 hours), matron/beach attendant; and Kim Normandin, matron/beach attendant, part-time (32 hours per week).

Pam Hiller, who has been playground supervisor for the past three years, was reappointed to that position. Laurie Nunes was appointed as Arts and Crafts instructor.

Mr. Shockro noted all appointments are conditional upon completion of all necessary certification.

The Recreation Director outlined the fiscal 1989 budget which, he said, was prepared by former Recreation Director Barry Haskell. He said it was recommended the maintenance of buildings and grounds items be changed from \$3,500 for both to \$2,000 for the beach and \$2,000 for the ball fields, this making a \$500. increase. The total budget of \$46,444 is increased by \$3,000, partly because of the girls' basketball program which needs more officials and equipment.

Some of the other work that needs to be done includes work at the Old Hammondtown School field; a leak around the chimney at the bathing

beach building; one of the life-guard boats needs repairing; broken windows replaced at the bathhouse. Selectman William F. Hubbard suggested Mr. Shockro check through the bathhouse for work that needs to be done and report back to the Board. He added that if the windows are rotten, they should be replaced.

In other business, Selectmen:

MET WITH THE FINANCE COMMITTEE to discuss articles for the annual town meeting to be held on May 2nd. Of particular interest was the operation and maintenance budget of the Old Rochester Regional School District which will show another sizeable increase. No definitive figures were announced at this time, as the Board was waiting for the outcome of a scheduled ORR School Committee meeting at which administration increases were being voted.

One of the town budgets scheduled for an increase is the employees' Blue Cross/Blue Shield payments. Selectmen Chairman John N. DeCosta said Plymouth County Commissioners predict a 25 percent increase. Although the session was lengthy,

WERE INFORMED by Plymouth County Sheriff Peter Y. Flynn of the overcrowding problem at the Plymouth County House of Correction and Jail. The Sheriff sent copies of articles, photos and graphs conveying the problems both human and statistical that severe crowding was forcing on everyone in his department. He requested the Board's support of his budget and invited Board members to tour the facility to view firsthand the situation.

NOTED THE NEXT GROWTH MANAGEMENT Study Committee meeting will be held at 7:30 p.m. April 7th at Village Court. The public is invited to attend.

RECEIVED WORD from State Senator William Q. MacLean, Jr. on House Bill 3511 concerning a Police/Fire Station Building Assistance Fund. On March 2nd the bill was referred to the Committee on House Ways and Means. This proposed bill could be of importance to the Town on the design and construction cost of the proposed police station, the Chairman noted. The grant shall not exceed 75 percent of the cost of an approved police/fire station project, including interest and the cost of planning. The Bill, if passed, would authorize to expend no more than \$40 million for all approved projects in the program.

Senator MacLean also notified the Board of House Bill 1373, "An Act Providing for Assistance in Replacement of Pipes with (T4CE) Tetra-chloroethylene". Although this Bill has been reported to the Committee

is awaiting replacement of its engine following a mishap at the Mid-Cape Motors, Inc. in Hyannis. The Ford Motor Company recalled the ambulance for general service because of a gas leak and, while this was being repaired and road tested, the engine blew. Selectmen termed this a complicated situation and a very unfortunate happening to the ambulance which has only been 6,000 miles.

While the ambulance is out of service, the town will be fully covered by an ambulance from STAT, a private ambulance service from New Bedford.

Fairhaven Board of Selectmen requesting that they pay Tony Borges the sum of \$450. for his work in repairing a broken drain line on Route 6 in front of the River Shops and the home of James Sullivan.

On February 9th the Fairhaven Department of Public Works was installing a water line to the stores when workmen damaged the state-owned drain line. Fairhaven acknowledged damaging the line, Executive Secretary Carol Adams reported to Selectmen. However, Fairhaven has refused to pay Borges' bill, she added.

After the accident, Mattapoissett contracted for Mr. Borges to repair the problem as there was extreme flooding onto Mr. Sullivan's property. The bill was sent to the state and was referred to Fairhaven for payment.

WERE INFORMED by State Representative John C. Bradford concerning the town's request to have the State Department of Public Works reconsider its previous refusal to designate Route I-195 between Routes 105 and 240 a reduced salt area. The state office has agreed to have its Research and Materials Division

The sixth and final Pairpoint cup plate, sponsored by the MMR Tri-Town "Dollars for Scholars" Program, will be available for the first time at the Flea Market at Old Rochester Regional on April 9th. After this date, the plates will be on sale at Seaport Pharmacy, The Sitting Duck, and Country Charm. The 1988 plate features Bird Island Light in Marion.

Built in 1819 Bird Island Light was in continuous operation until 1933. Recently Bird Island Light was placed on the National Register of Historic Places. The island is maintained by the Town of Marion and the Audubon Society. Bird Island is the largest tern nesting ground in North America. It is home for common terns and roseate terns (an endangered species). An ample food

to house a half-ton bell. During heavy fog it was the lightkeeper's job to hit the bell with a sledge hammer. When the hurricane of '38 struck, all buildings except the lighthouse were swept away. After the hurricane the bell was missing but it is unknown if the bell was carried into the sea or removed some time prior to the storm.

In 1939 Bird Island was sold to a Maine resident who in turn sold it to a Cataumet resident in 1940. Finally, the island was sold back to the Town of Marion in 1975 and has remained in the hands of the town ever since.

Earlier MMR cup plates have featured Ned's Point Light, Tabor Boy, Hartley Saw Mill, Old Town House, and the Gazebo. The Bird Island Light plate will be sold for \$8. and will be available in clear glass and blueberry. Each plate is a first and all seconds have been destroyed. Proceeds from the sale of cup plates benefit the MMR Tri-Town "Dollars for Scholars" Scholarship Fund.

PaintORR

CAFETERIA TO BE PAINTED

On Monday, April 18th, the holiday, newcomers and PaintORR veterans will be joining efforts to repaint the Old Rochester Regional High School Cafeteria. The project will begin at 8:00 a.m. until approximately 4:00 p.m. The following criteria may help you make your choice for two hour work session: 8-10 a.m., all your favorite western tunes; 10-12, an assortment of classical jazz; 12 to 2, nice and easy soft rock; 2 to 4, for the late risers and final leg...hard rock.

We need approximately 24 people to complete the task and would love to see anyone interested in making ORR a better place. If you can furnish refreshments instead of time, please call the high school at 758-3745. Our list includes coffee, beverages, morning breads or pastries, sandwiches, and munchies. If you can help in any way we would gladly accept your gracious offerings. Thanks and here's to another fun time!

Concerned Citizens' Council

The Concerned Citizens' Council, which was established in 1984 in Marion, has recently met to form the Marion Taxpayers' Association for the purpose of providing open evaluation by taxpayers about town problems such as high assessments, increased taxes, water quality and town finances. In addition, the MTA will examine the structure of Marion town government and discuss in open meetings what revisions, if any, might be made to improve municipal ser-

Marion Art Center Exhibit

Two painters with roots in this area will be exhibiting their work at the Marion Art Center April 8th through May 11th.

James St. Germaine was born in Wareham and began his studies at the Swain School of Design's Evening School. He later received his Bachelor of Fine Arts degree in painting from that institution. He also attended the Saturday School at the Museum of Fine Arts in Boston. A surveyor by trade, Mr. St. Germaine enjoys the creative process, and his recent paintings reflect his love of mixing colors, shapes and objects. His work is in numerous private collections on the east coast.

Kitty Smith grew up in Mattapoisett and attended Old Rochester Regional High School. She has been living in Camden, Maine and just recently returned to the Boston area. Her work has been exhibited in a number of galleries in Maine, and she was artist-in-residence at the Jefferson Street Gallery for a year.

She is known for her humor and bold color representations of women. Kitty states, "I have a lot of fun, and my bright colors show that. I think each woman is a

The High School curriculum is being brought to life by its students and teachers - ready to show the Junior High what they are all about - a nice introduction to the next four years in their new school. These events will take place between the hours of 12:30 and 2:00 p.m. Between the hours of 3:00-5:00 p.m. the elementary schools will visit the high school with selections of their best to entertain one another, and take place in carnival activities. All of the communities are invited to start their celebrations at this time. From 5:00 to 7:00 p.m. SCORR (School and Community for ORR) will be offering a Spaghetti Supper to the tri-town area, featuring our soon-to-be famous "Tri-Town Blend Spaghetti Sauce" - a bit of the best from all three towns' cooks. Don't miss it! At 7:00 Mayfair gears up its presentations again for all the community to see. Look forward to Fashion, Sport, Scrumptious Cakes to Purchase, Art, Music, Science Fair,

Project GROW

ANSWER A COMMUNITY NEED

Last year, through a survey conducted by Project BUD, the number one need of tri-town young children and their families was identified as child care. Child care for school age children, for pre-school children, for infants and toddlers is in short supply. One of the goals of Project GROW, the Old Rochester Regional early childhood project, is to try to expand the number of licensed providers in the area. A workshop presenting in-

formation on becoming a family day care provider (i.e. providing care for children in a private home) will be offered by PACE Child Care Resource Exchange of New Bedford. Anyone who has considered becoming a child care provider is encouraged to attend this informational meeting. Following this workshop individuals deciding to pursue licensing will be offered assistance by CORE in getting started. The workshop will take place on Wednesday, April 27th, in the ORR Junior High library beginning at 7:00 p.m. Answer a community need and become a child care provider.

screening, a brief assessment of the child's thinking skills, speech and language development, memory skills, coordination, hearing and vision is completed. Any parent who suspects their child is having difficulty in any of these areas may call for an appointment (748-0100). Appointments for the April screening should be made no later than Friday, April 15th. NOTE: Four year olds scheduled to enter kindergarten in the fall should attend the pre-kindergarten screening held in each elementary school.

Week of the Young Child

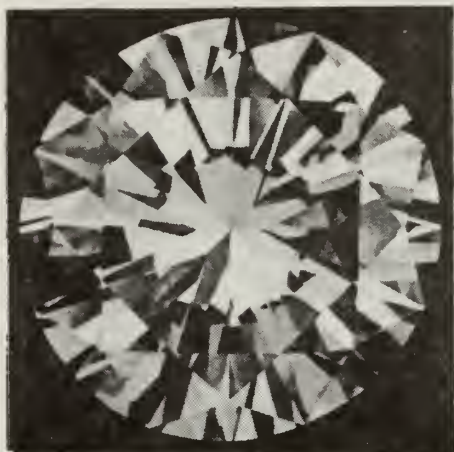

Spearheaded by Marylou Douglass, Sippican School Kindergarten teacher, Marion will celebrate the Week of the Young Child with a gathering of youngsters on the Sippican School playground on Thursday, April 14th. "We Care for America's Children" is this year's theme. Sippican School's Kindergartens will host children enrolled in Marion pre-school and day care programs at the celebration. Songs, games and refreshments will be shared.

A PBS documentary "Who Cares for America's Children? The State of Child Care in America" will be aired nationwide on Wednesday, April 13th. Parents, community leaders, policymakers, and early childhood professionals are encouraged to watch this important program.

DIAMOND

THE APRIL BIRTHSTONE

The diamond is the most romantic of all gems, the hardest, the most brilliant and usually the most expensive.

The diamond has been described as "the fire that never burns out".

Since Western Civilization considers the diamond as the symbol of marital happiness and good luck, it quite naturally graces the engagement ring.

As the April Birthstone, the diamond is a victory talisman, said to endow the wearer with superior strength, fortitude and courage.

Diamonds were first found in India, and it was from India that they were brought to Europe. Presently, Africa's famous mines yield the largest quantity of Gem quality diamonds, with Russia probably second in production.

The value of the diamond you purchase in your jewelry store will depend on four factors: CUTTING, COLOR, CLARITY and CARAT WEIGHT.

Generally, the more colorless a stone is, the finer the quality. Value falls as the stone deepens to a yellow tint. Exceptions to this rule are the very rare colored diamonds known as "FANCY" stones; famous colors are the Deep Hope Diamond, The Yellow Tiffany and The Green Dresden.

Minute flaws or inclusions may not harm the diamond's beauty, but will lower the value slightly. However, flaws that are visible to the naked eye do seriously harm both the appearance and the value of the gem. Most important of all is the quality of the cutting. When correct cutting is sacrificed to achieve maximum carat weight, it is always at the expense of brilliance and value.

There is no limit to the jewelry uses a diamond may have. Truly fine jewelry will give you immeasurable pleasure throughout your lifetime and later does become a treasured family heirloom.

Therefore, selecting the Jeweler who will guide your purchase is a matter of great importance. Your Jeweler should possess a comprehensive knowledge of Gemology, proper instruments for determining the quality of gemstones, business experience, ability, and above all the integrity to pass his sound judgment on to you. You can put your trust in us.

Letter to The Editor

Getting back on "my" intersection at North Street and Route 6. The other day I was going at a fair clip from the A & P to the mail. Two small cars (of what I guess I'll call the Eager Beaver Crowd) were coming along eastward signaling left. The first took the famous bias out across to beat me at the crossing, the next in line started the same tactic, but suddenly seeing I wasn't jamming on my brakes in my heavy wagon, he suddenly came to a halt. He couldn't see my tails on red as I had my foot on the brakes so I wouldn't hit him if he persisted in being slap-happy,

but foolish. Then I stopped and let him go. I hoped his girlfriend or wife might, from the experience, give him a little toning down.

As I have said, the tailgating cars on North Street are a nuisance. Perhaps I should invent a sheepskin fleece on my rear bumper on a sensitive spring so that if I go slow enough, the "little" gung hos will touch my bumper and vibrate the sheepskin and polish my heavy bumpers.

I've seen on television those laser beam "rulers" to measure distances. All cars should have them out front to show on the car a legible readout (constant) of the distance between that car and the one in front. Might help all those nearsighted drivers. An improved and more costly idea might be teamed up so if the speed of the car goes over the appropriate amount compared to legal distances apart for that speed, the number on the readout would turn red - maybe sound an alarm. This model, mandatory, to be installed by tailgaters or

Environmental Decision Making

Town officials must make decisions on complex, highly technical issues every day. They must decide what effect a subdivision will have on the community, handle mountains of solid waste and keep it from polluting their water supplies, know the regulations affecting land use, and interpret them appropriately. Technical information is often thrust at them from conflicting points of view, and they have to decide who and what is right.

Their children will inherit the decisions they make today.

The Conservation Districts of Bristol and Plymouth Counties are sponsoring a series of five workshops titled "Environmental Decision-Making" to be held each Thursday, from 5:30 until 9:00 p.m., at the Riverside Restaurant on

MULTI-MEDIA SHOW AT SMU

"A Day in the Life of America and A Day in the Life of the Soviet Union", a multi-media slide show and lecture, will be held at 8 p.m. April 12th in Southeastern Massachusetts University's Tripp Athletic Center.

The show portrays everyday life in the two countries through photographs that were taken as part of two "Day in the Life" photojournalism projects.

In 1986 200 photojournalists snapped pictures throughout the US on a single day. In 1987 50 photographers from Soviet bloc countries and 50 of their western counterparts participated in a similar project in the USSR, where they were given unprecedented access to photograph Soviet homes, factories, cities and villages.

The results were two best-selling books, "A Day in the Life of America" and "A Day in the Life of the Soviet Union".

FIRE CHIEF TO TALK ON VISIT TO JAPAN

The April meeting of the Greater Fairhaven Chapter of AARP will be held on Tuesday, April 7th, at the Fairhaven Senior Center at 1:30 p.m. At this meeting Fire Chief Donald Bernard of the Fairhaven Fire Department will speak about his video-taped visit to Fairhaven's sister city in Tosa Shimizu, Japan. All are welcome to attend the meeting. Refreshments will follow.

New England Contradance

A New England Contradance to live music with Kerry Elkin and "Geese in the Bog" will be held on Sunday, April 10th, at 7:00 p.m. in the Parish Hall of the Unitarian Church of New Bedford, at 71 Eighth Street. Open to all, beginners and singles are welcome. The admission charge is \$3.00 per person. All dances are taught, starting with the easiest patterns, so plan to come early and get your head and feet together. Experienced dancers are most welcome and we hope you will help us establish an on-going Contra Dance Series in the Fairhaven-New Bedford area.

BODY WRAPS HAVE CHANGED! Old body wraps consisted of a solution of oils held to the skin by a cellophane wrap. This caused perspiration and loss of fluids. Once fluids were re-placed, the inches lost came back. Our new wraps are elastic cotton wraps soaked in an all-natural solution of minerals and vitamins. Inch loss is permanent if you follow our program. And if you don't lose at least 4 inches on your first wrap, your second wrap is FREE! Call for an appointment.

school students the opportunity to learn and develop program and leadership skills while assisting in the summer day camp program. The program consists of training and actual working experience with a small group of campers under the supervision of a YMCA camp staff person.

The Counselor-in-Training program is based at the YMCA Camp Massasoit in Mattapoisett. The program runs from 9:00 a.m. to 4:00 p.m. Monday through Friday for nine weeks beginning June 27th. Applicants must be at least 14 years old and be able to show the maturity and responsibility required for a job working with children.

"It's an excellent opportunity to gain some valuable experience working with children in a camp setting," explains Mark Gresens, YMCA Senior Program Director and administrator for Camp Massasoit. "Probably the three most important characteristics we look for in those applying are responsibility, a genuine interest to be a Counselor-in-Training and some ability to work with children."

The YMCA's Counselor-in-Training program usually needs about fifteen

Martha's Vineyard Exploration

Come explore Martha's Vineyard with Dr. Alan Hankin, Executive Director of the Lloyd Center, May 12-15. If barrier beaches, oak forests, spectacular cliffs, ocean breezes and the pounding of the surf make you think of far away places, join us on this island exploration.

Our home on the island will be the Vineyard Harbor Motel in Vineyard Haven. From here we will study the ecology and natural history of Martha's Vineyard. We will explore places such as Katama Plains, Sengekontacket Pond and Chappaquidick Island.

During the trip we will visit

Tobey Hospital

OFFERS FREE CHOLESTEROL SCREENING

Area residents are invited to take advantage of free cholesterol screening at Tobey Hospital during National Laboratory Week.

The blood testing will be offered on Monday and Wednesday, April 11th and 13th, from 8 a.m. to noon in the lobby on the first floor located in the hospital's original building.

Keeping a check on your cholesterol is an important preventive for maintaining good health. Research has demonstrated that lowering blood cholesterol levels can reduce a person's risk for heart disease. Tobey also offers free packets of information including recipes and tips on cholesterol-conscious eating prepared by the hospital's dietician.

To obtain your free packet call the Public Relations office at 295-0880, extension 205.

of a number of first family gatherings since it opened this winter. Siblings are able to visit with Mom and cuddle their new brother or sister in the privacy of the Sibling Room, which is furnished with a plump, family-sized rocking chair. Dr. and Mrs. Richard Finegold generously donated the rocking chair. Drs. John Conway, Samuel Rogers and Jean Leimert and Jim Cushing of Wareham donated child-sized chairs, and Tobey staff nurses decorated the room with duck border.

Linda and Duane Perry of Wareham agreed that the Sibling Room provided an ideal opportunity for their 20-month-old son, Ken, to adjust to new sister, Melissa Sue. "Ken more or less understood that he would be getting a new brother or sister," said Linda. "But all he could see before was an empty crib. After visiting the hospital, he had a better idea of what being a big brother is all about. It makes the adjustment at home much easier."

The Sibling Room is part of Tobey's overall Sibling Program, which includes classes for new brothers and sisters prior to their baby's birth. The classes are conducted on a regular basis and feature tours of the hospital's nursery and maternity unit.

"Our philosophy at Tobey is that birth is a family centered event and should involve each family member", said Rosemary Lackie, RNC, clinical nurse manager of Obstetric Services. "Our Sibling Program makes the younger members of the family more a part of the whole process."

Any family giving birth at Tobey can use the Sibling Room, after first making arrangements with the

The only stipulation, Mrs. Lackie noted, is that children who have infections such as a cold, are not allowed to visit with the new baby, since the infection could spread to other babies in the hospital nursery.

MACHINE SHOP STUDENTS VISIT RHODE ISLAND PLANT

Recently twenty-six Old Colony machine shop students traveled to Browne and Sharpe in Rhode Island, a nationally known company famous for the manufacture of precision grinding machine tools, screw machines, measuring tools and the latest in grinding technology called Creep Grinding.

The Old Colony students were shown all aspects of production techniques using computerized machine tools. The latest development in coordinate measuring equipment utilizing computers was explained in detail. Old Colony students are currently teamed in the use of computerized numerical control equipment.

The field trip was funded without cost to the regional school district by School Improvement Council money.

Managing Coastal Development

LLOYD CENTER

CHAPTER 91 AND IMPLICATIONS ALONG THE COAST

Have you ever wondered who protects the tidelands, great ponds and some of our rivers and streams? At 7:30 p.m. on April 13th in the Dartmouth Middle School Auditorium, Dr. Dennis Duscik from Massachusetts Coastal Zone Management will describe Chapter 91 and its implications along the coast. Chapter 91 is a waterways licensing statute used for managing coastal development. It is especially important to marina operators, developers, engineers and owners of property along the shore. Concerned citizens interested in public access and use of the coast should make every effort to attend this lecture.

The lecture is part of a series the Lloyd Center is offering in conjunction with the US EPA's Buzzards Bay Project on Rights, Regulations and Responsibilities in the coastal zone. The fee for this lecture is \$4. for Lloyd Center members and \$5. for non-members. For more infor-

Wildlands Trust Walk

FREE WALK AT CONANT HILL, WAREHAM
The Plymouth County Wildlands Trust (PCWT) invites the public to a free, guided walk at its Conant Hill preserve in Wareham on Sunday, April 10th at 1:00 p.m. The preserve is an archaeological site on the National Register of Historic Places because of its use by Native Americans, as well as a beautiful woodland overlooking a pond and marsh. The walk leader is William Bennett, Operations Manager, Wampanoag Indian Program, Plimoth Plantation. Meet at the Decas School at the intersection of Main and Station Streets, Wareham. Take exit 21 from Route 195, go north about 0.5 miles on Route 28, to Tobey Road on the left. Follow Tobey about 0.7 miles to Main Street; turn left, then immediately right onto Station Street and immediately left to the school parking lot. For information call 224-3587 or 224-2765.

Tucked into a curve of the meandering Weweantic River, Conant Hill rises 40 feet above the riverbed, dominating a landscape that has a wealth of historic and prehistoric associations. It was given to PCWT by Mrs. James R. Lincoln of Wareham, and the late Dr. Lincoln, in 1977. It is one of more than 20 nature preserves owned by the Plymouth County Wildlands Trust, a non-profit organization dedicated to preserving natural areas in southeastern Massachusetts.

Ranging from Marshfield on the north to Wareham on the south, these 1100 acres of open space are protected by PCWT for the public benefit. The walk on April 10th is one of a series. For membership information call 224-2765 or write to PCWT, 898 State Road, Plymouth, MA. 02360.

As much as 4,000 years ago, Indians of the Late Archaic Culture used Conant Hill as a seasonal campsite. Bones, shells, charcoal and stone implements found there are preserved at the Bronson Museum, Attleboro. The first dam at the site was probably built during the 18th century. More recently, Conant Hill over-

looked a thriving factory known as the Standard Horseshoe Works, which produced mule shoes as late as World War II. Join the Plymouth County Wildlands Trust at 1:00 p.m. on Sunday, April 10th, for a visit to this fascinating property.

and developed a variety of new types of glass, patented under exotic names such as Lava Glass, Rose Amber, Burmese, Peachblow, Royal Flemish, and Crown Milano. As production increased in the 1870s and 1880s the company proclaimed itself as "The Headquarters of Art Glass Production in America".

The 200 pieces on display come from the Chrysler Museum, the Corning Museum of Glass and numerous private collections.

A separate section in the exhibit contains 13 elaborate art glass lamps, both oil and electric, made by Mount Washington and its successor, the Pairpoint Corporation.

The New Bedford Whaling Museum is open 9 a.m. to 5 p.m. Monday through Saturday; 1 to 5 p.m. on Sunday. Admission is \$3.00 for adults, \$2.50 for seniors, and \$2.00 for children. For information please call 997-0046.
